The colors for the site are inspired by a pokéball

#D44139	#111111	#eeeeee
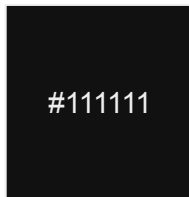

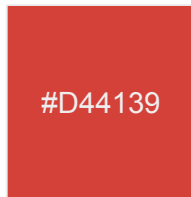

+ some darker and/or lighter shades of these base colors

Can't have anything too fancy so it won't clash with the many colors of the individual Pokémon.

The default font will be:

Open sans

The additional font for certain headers and such:

Roboto Condensed
Roboto Condensed
ROBOTO CONDENSED

The text sizes are going to inherit the size set in the user/browser settings.
